CLIENT PORTAL!

We are excited to introduce our new community feature, the Client Portal! Our community keeps growing and we have created a more streamline and efficient mode of communication. All communication, documentation, medias etc. will be posted on the portal. This portal will contribute to a more formal environment to help store and locate all information regarding the community. Please note it will be your responsibility to login and check on the status of your plot, community and all future updates.

TOPICS

CLIENT PORTAL

Attached to this newsletter is all the information regarding the client portal and instructions on how to log in. If you are having any difficulties logging in to the portal, please notify us immediately. Take a moment to familiarize yourselves with the portal and our email address, as Whatsapp will no longer be our main mode of communication.

PROJECTS

We are excited to see all the progress within the community. We currently finished plastering one of our members homes and have started working on 2 new member fences! We are so proud of our clients who are taking possession and securing their land. Do not hesitate to message us if you are ready to start your next project.

MONTHLY DUES

Congratulations to our newest community member Gemir Hooks from Maryland!

April security fees are now due! Monthly and annual payments are accepted.

Keep up with all the progress on Youtube under The Blessed Halls!
